

VABA Mission Statement

Virginia Bikers Association works to protect and promote the legal rights of all Virginia Motorcyclists. We monitor state legislative activity and actively support laws which benefit motorcyclists while opposing those which limit or erode motorcyclists rights.

We are not aligned with any party and welcome the interest and support of all elected representatives and fellow citizens in promoting the freedoms and benefits motorcycling offers. We value positive relationships with our legislators as we provide input and clarification regarding laws which impact our hobby. Those relationships and our lobbying efforts have benefited and enlightened both the motorcycling community and our legislators.

Some of those laws passed include: Treating a red light as a stop sign after two cycles/Legally ride two abreast/ legalizing handlebar height /Prohibiting motorcyclist only checkpoints in Va.

Though we are a motorcyclists rights organization we welcome all motorcyclists who may wish join us in riding and enjoying the fellowship that is such an important part of motorcycling. We invite new members to join in our lobbying activities but realize this task is not for everyone. If riders prefer to join for the riding and social aspects they are more than welcome to do so. We support other motorcycling organizations and work to raise funds for worthy charities which may or may not be related to motorcycling.

We encourage you to come along for the ride - join us.

Virginia Bikers Association
